

## Convey Empathy

What I like...

What interested me...

What drew me in...

What I hear you saying...

That sounds like...

I can see that...

I understand...

That must have...

What I admire most...

I appreciate...

## Display Curiosity

Who....

What....

Where...

When...

How...

What if...

How might...

What could...

Who else...

When would...

Where can...
